THE ALL BETTING AND CASHING SYSTEM

Sportsman's Park has introduced a new betting system to its racing fans. It's the All Betting and Cashing System and it includes these new features:

A **NY TYPE OF WAGER CAN BE MADE AT ALL MUTUEL WINDOWS.** Now you can bet to Win, Place, and Show, as well as bet the Daily Double, Quiniela, Perfecta or Trifecta at the same window.

B **ET ANY AMOUNT AT ALL MUTUEL WINDOWS.** You can bet any amount on any horse or horses, without going to another window.

C **ASH AND BET AT ALL MUTUEL WINDOWS.** Now you can cash any type of winning ticket and also place a bet without going to a different window.

It's as simple as ABC. Now you can bet ANY amount, ANY type of wager, at ANY window, and at ANY time and then return to ANY window for cashing.

You'll no longer have to stand in line at different windows to place or cash different types of bets.

THE TRIFECTA

Once again Sportsman's Park will present the popular Trifecta and now this popular wager becomes even easier and faster to play with our new mutuel system.

Now you can go to ANY window and at ANY time during our racing program to make this bet. The minimum Trifecta wager is now $2. To make a Trifecta bet, ask for the numbers of the three (3) horses you think will finish one, two, three—in that order—in a Trifecta race. You must call the number to the clerk in the order you think they will finish. If you are right, you win.

TRIFECTA BOX

If you want to box three horses, the $2 Trifecta Box gives you all six possible combinations in a three-horse box for $12. If you box your three horses and your selections finish one, two, three—in ANY order—you win. For example, if you box 5-6-8, you have the following combinations going for you:

5-6-8	6-5-8	8-5-6
5-8-6	6-8-5	8-6-5

YOUR COST OF BOXING TRIFECTAS

No. of Horses Boxed	$1	$2	$3	$4	$5	$10

7	210	420	630	840	1050	2100
8	336	672	1008	1344	1680	3360

MULTIPLE BETS

Win, Place, Show, Daily Double, Quiniela, Perfecta and Trifecta bets in ANY amount beginning at $2.00 can be made at the same mutuel machine.

In most cases, you can make up to four (4) separate bets on one mutuel ticket. All of the popular forms of multiple bets can be made now at one mutuel window. For example:

WHEEL a key horse in the Daily Double, Quiniela, Perfecta or Trifecta.
BOX your selections in the Quiniela, Perfecta, or Trifecta.
KEY your Best bet in the Daily Double, Quiniela, Perfecta or Trifecta.
PARTIAL WHEELS can be bet in the Daily Double with any number of horses in the first and second races.

TRIFECTA WHEEL ONE HORSE IN ANY SINGLE POSITION (1st, 2nd or 3rd)

THE SUPER BET!

A SINGLE TICKET BET.
TO WIN CHOOSE THE PERFECTA IN THE 4th RACE,
AND THE PERFECTA IN THE 5th RACE,
THEN THE TRIFECTA IN THE 6th RACE,
ON EACH SUPER BET TICKET.
COSTS JUST $1 FOR EACH OF YOUR SUPER BETS!

GUARANTEED $50,000 PAYOFF

THE SPORTSMAN'S PARK SUPER BET, is your opportunity to win a bundle for a buck.

SPORTSMAN'S SUPER BET is held on the fourth, fifth, and sixth races daily. On a single ticket you select the one-two finishers in exact order in the fourth and fifth races and one-two-three finishers in exact order in the sixth. Hit it and you win . . . BIG.

The **SUPER BET** is a separate wager from our regular betting format. Betting on the **SUPER BET** starts at just one dollar, but you can also box and wheel key horses.

Every day we don't have a winner of the **SUPER BET** the net pool is carried over to the next day's racing program. We'll let it grow until it's won, then we'll start all over again.

The **SUPER BET** rules:

A refund or exchange may be made on tickets involving a scratched horse before post time for the fourth race ONLY.

After betting closes, then tickets which have only winners and scratches, but no losers, will be refunded. In other words, if a ticket has a loser, it gets no refund.

Also, if there is a dead-heat finish involved in one of the **SUPER BET** races, the winning payoff will be the same amount if there's a **SUPER BET** winner or winners.

I.R.S. TAX REGULATION

I.R.S. Tax Regulation—Gambling winnings above a certain amount, depending on the type of wager placed, are subject to income tax withholding at a 20 percent rate.

Two and one-half percent of winnings will be deducted for State Tax.

Effective January 1, 1984, the regulations require that any person receiving gambling winnings make a statement to the payer (track) of those winnings, as to whether the recipient is also receiving winnings from identical wagers.

Winnings from identical wagers must be added together to determine whether the winnings exceed the amount which would make the winnings subject to withholding.

EARLY-BIRD BETTING

BET ON TODAY'S THOROUGHBRED RACES

BET ON TONIGHT'S HARNESS RACES

FROM 8:00 A.M. at SPORTSMAN'S PARK

Sportsman's Park once again will offer "Early Bird" wagering during this year's National Jockey Club Thoroughbred season. It's your opportunity to bet on your favorite horses on the way to work!

There is no charge for admission and no charge for parking for our Early Bird bettors. Starting at 8:00 A.M., just enter the track at the Laramie Avenue Grandstand gate and report to the bottom level of the Grandstand.

There is Early Bird betting on both Sportsman's and on that night's harness races Monday through Saturday.

The official racing program is on sale during Early Bird Betting hours.

Mutuel windows are closed from 11:30 a.m. through 12:30 p.m.

SPORTSMAN'S RACES AT ARLINGTON, MAYWOOD, BALMORAL and PEORIA, ROCKFORD PARLORS

During our entire National Jockey Club meeting you'll be able to go to Arlington, Maywood, and Balmoral to wager on Sportsman's Park races and also in the off track betting facilities in Rockford and Peoria. The live running of the races and the call will be telecast on closed circuit TV at all three tracks.

Whatever the fans at Sportsman's Park see on closed circuit television will be seen on the monitors at Arlington, Maywood, Balmoral, Rockford and Peoria. You'll be kept posted on up to the minute odds, changes, and payoffs.

All of the money wagered at intertrack outlets Arlington, Maywood, and Balmoral and the off-track facilities in Rockford and Peoria will be automatically included in the Sportsman's pools. The mutuel payoffs, therefore, will be the same at all the race tracks.

However, there is a 2½ percent surcharge on all winning wagers in the off-track facilities at Rockford and Peoria.

WATCH AND BET

Harness Racing at Sportsman's

Sportsman's Park will be the inter-track home for wagering on Maywood Park AND Balmoral Park harness races throughout the National Jockey Club meeting.

You can "Watch N Bet" Maywood Park races every Friday through Wednesday evening starting at 7:30 P.M.

You can "Watch N Bet" Balmoral Park races every Thursday evening and every Sunday afternoon.

Advance wagering on Maywood Park and Balmoral Park harness races will be accepted during Early Bird betting and again when mutuel windows open at 12:30 P.M. You can go to the mutuel windows next to the information windows in the Clubhouse or Grandstand to make an advance bet on a harness race.

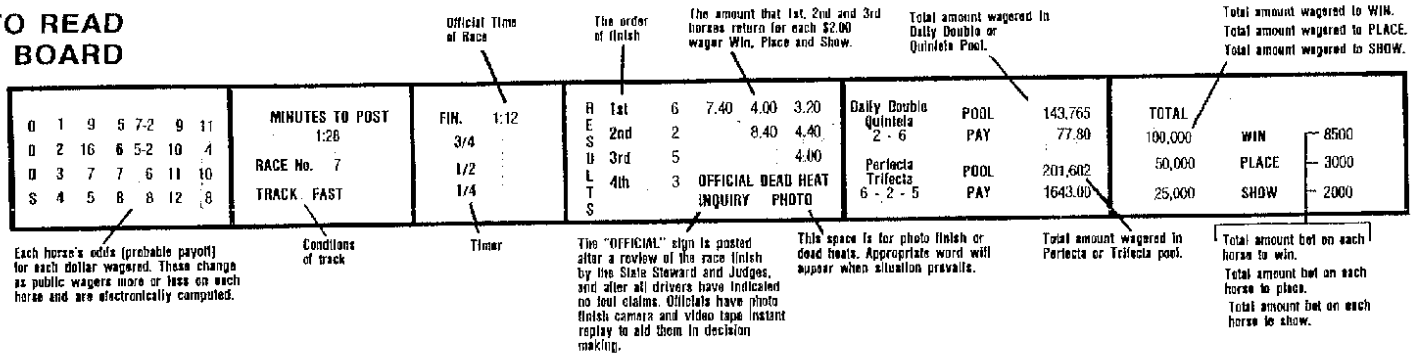
HOW TO READ THE TOTE BOARD



HOW THE TOTE WORKS:

In parimutuel wagering, the public makes the odds by the amounts it bets. The track serves only as a stakeholder. Bettors bet not against the track—but against each other. In fact, the term parimutuel means "to wager among ourselves." Here's how it works:

After a small amount is deducted as the state and track share (17%), the remainder is redistributed to the public. A Perfecta, Quinicla or Daily Double bet has 20½% deducted, while 25% is deducted from a Trifecta wager.

Up-to-date totalisator systems provide foolproof computations of odds and payoffs. The totalisator—or "toto"—automatically registers and displays odds and payoffs.

Ticket sellers punch out tickets on electronically controlled keys connected to the control or tote room. Bets are continually totalled to give frequent flashes of odds. Just before the horses start, keyboards automatically lock, to prevent further bets.

The above win pool was calculated as follows:
No. 6 won. From the $100,000, 17% in track and state commissions is deducted, as required by law. The net pool of $83,000 is then split into the amount wagered on the winner ($22,000), and what is left ($62,000).

To determine odds, divide $61,000 by $22,000.

If the division ends up with odd cents over a dime, the odd cents are known as "breakage." By Illinois law, payoffs are made to the dime, and "breakage" is retained by the state.

In our example, $61,000 divided by $22,000 is $2.77 for each dollar bet. The one cent (breakage) is disregarded, so odds are $2.80 to $1.00.

Doubled for a $2 ticket, this becomes $5.40. A winning bettor's $2 wager is also returned, so the payoff on $2 to win is 5 to 2, or $7.40.

For place price, subtract amount bet on win and place horses from net pool. The remainder is divided in half and alloted to each horse, then prices are computed as the win pool was. Show pool is computed as place was, except money available is divided equally on the first three horses.
